

Invitation to the seminar "redox signaling via membranes"

13.30 - 14.00	Ulrich Brandt, Molecular Bioenergetics, Nijmegen	Tweaking the gearbox: the mechanism and regulation of mitochondrial complex I
14.10 - 14.25	Michaela Höhne, Biochemistry, Cologne	Mitochondria as signaling stations
14.35 - 14.50	Daria Rotko, Neurochemistry, Bonn	Interaction of mitochondrial BKca channel with cytochrome c oxidase
15.00 - 16.00	break	
16.00 - 16.30	Patrick Bienert, IPK, Gatersleben	Peroxisporins
16.40 - 16.55	José Ugalde, Chemical Signalling, Bonn	Redox coupling of subcellular compartments during photo- oxidative stress in plants
17.05 - 17.20	Eva-Maria Hanschmann, Neurology, Düsseldorf	Extracellular redoxins in innate immunity

afterwards Pizza, drinks, discussions

08.03. 2019

**Hörsaal der Genetik, Universität zu Köln,
Zülpicher Str. 47a, 50674 Köln**

Ansprechpartner:

Carsten Berndt, Neurologie, Universitätsklinikum Düsseldorf, Tel. 0211 302039220, carsten.berndt@med.uni-duesseldorf.de

Jan Riemer, Biochemie, Universität zu Köln, Tel. 0221 470 7306, jan.riemer@uni-koeln.de

Andreas Meyer, Chemical Signalling, Universität Bonn, Tel. 0228 7360353, andreas.meyer@uni-bonn.de
